HERE.**

KBS RustBlast is a powerful rust remover & zinc phosphate pre-primer & metal etch. RustBlast effectively dissolves rust, corrosion, metal oxides & tarnishing from most metal surfaces, while providing extended protection against flash-rusting thanks to KBS unique Oxygen-Block technology. Ideal for removing rust from chrome surfaces.

Easy-to-use spray or brush application. Apply RustBlast full strength to a clean surface keeping it wet for a minimum of 30 minutes & watch rust, corrosion, metal oxides & tarnishing vanish before your eyes.
